

Your Great Love

Almighty God, we bless and praise you
That we have awakened to the light of another day
and now we will think of what a day should be.
Our days are Yours, let them be spent for You.
Our days are few, let them be spent with care.
There are dark days behind us, forgive their sinfulness.
There may be dark days before us, strengthen us for their trials.
We pray for You to shine on this day - the day we may call our own.
Lord, we go to our daily tasks - help us to take pleasure from them.
Show us clearly what our duty is; help us to be faithful in doing it.
Let all we do be well done, fit for Your eyes to see.
Give us strength to do,
patience to bear,
let our courage never fail.
Make all unlovely things,
shine in the light of Your great love.
Amen.
